**Disclaimer:** The LL data provided above is a snapshot in time; that is, there may be slight variations in numbers reported for past periods due to factors including but not limited to cases being reopened and updates to coding based on quality assurance audits.

1 Unknown are cases for which insufficient information is available (e.g. insufficient customer information to identify customer such as no address, a more information letter that received no response), which prevents their specific assignment. These cases are normally closed/autoclosed with a category and/or subcategory of unknown, and/or a disposition of Unresponsive Consumer-More Info Needed.

2 Denial Overturned and Denial Upheld may not add to the total number of cases closed for a particular category as there are other dispositions that might apply, such as Unresponsive Consumer-More Info Needed.

3 New case type and subcategories added to reflect changes in the LL program effective June1, 2017.
